INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In compliance with applicants' duty of disclosure under 37 C.F.R. § 1.56, applicants submit the attached form entitled "INFORMATION DISCLOSURE CITATION IN AN APPLICATION," identifying publications for consideration by the examiner. Copies of the identified foreign patent publications and of the technical papers are attached.

STATEMENT OF RELEVANCE

The WO '083 publication is believed to be an English-language translation of the Swedish application referred to in the paragraph in the middle of page 6 of the

present application as filed. The basis for that belief is that WIPO publication claims priority based upon that Swedish application.

The other publications identified on the attached form are the publications that were cited in the International Search Report issued by the Swedish Patent Office in connection with the international phase of the above-identified international application (PCT/SE2004/000129). Copies of the International Search Report and of the International Preliminary Report on Patentability based thereon were filed with the U.S. national phase application papers.

Early and favorable action on this application is respectfully solicited. Should the Examiner have any question he is cordially invited to telephone the undersigned attorney so that any such question can be quickly resolved in order that the present application can proceed toward allowance.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Alfred J. Mangels', with a long horizontal flourish extending to the right.
